

## PTF Parquetry Floor

- The ultimate compliment to any home is the time honoured, European olde-world craftsmanship that brings style and sophistication through the beauty of natural premium timbers
- Parquetry can be used to contrast as a feature point within your timber floor, or used extensively over a broader area to capture the natural beauty of select grade timbers, with a variety of traditional or contemporary patterns
- Our PTF Parquetry Installers are specialist, accredited and trained timber flooring tradespeople who love working with timber and creating a beautiful masterpiece within your home
- Our Parquetry range is available in multiple sizes and timber grades
